### West Coast

The West Coast would like to welcome aboard two new sponsors Arospeed and NHRA, we look forward to working with these two for the next year and many more to follow. We also have two new members to the Team, Noel Rollon and his 2001 Ford Expedition, Lee Thomas and his Volkswagen Rabbit, the addition of these two vehicles will help out the team greatly in the year to come by adding more diversity to the team in arenas of the auto industry. Also this month we would like to congratulate Alan Punsalan for his full feature article in this month NOPI Magazine.

### Show Report

As the show season winds down it can be a sad time for some and a time to rebuild for others. And for some it can be just downright hectic, we all know about the SEMA rush to get all of the last minute items on the cars. This year we had a great showing for the team as well as many of the sponsors with the team having six vehicles at the convention center and four more on display at the BF Goodrich Party. We also had four team models working the show and had a couple of team members from the East Coast make the trip to Vegas making the trip for the team into a great week. The west coast guys also made a strong showing at the NHRA Extreme Tunerfest in which the team turned out to display twelve vehicles. At the Extreme Autofest show in Pomona the team also placed seven vehicles in the BF Goodrich booth and were able to strategically place five other vehicles on the floor throughout the show to maximize coverage for sponsors. On the East Coast Ron Nekula kept up his hot streak by taking home First place in his class and Best Engine for the Fourth year straight at the USAC show. Also, down in the South John Marsh and crew have been cleaning house. John Marsh and Justin Cohen made the trip to South Carolina and walked away with a Best of Show and 1<sup>st</sup> place Mitsubishi for John and a 1<sup>st</sup> place Honda for Justin. Also on the same weekend Julio Morillo took home top honors on the Civic class at a charity car show held for Allison Rodriguez the young lady killed at NOPI this year. Also seen at the IASCA Finals was Kevin Gettens in the Streetglow booth along with team Model LoriAnn. Happy Holidays to all!!!

### Nov./Dec. Shows

#### Extreme Autofest:

Nov 17  
Pomona, CA

#### IDRC:

Nov 23-24  
Palmdale, CA

#### Import Showoff:

Dec 14  
Pomona/Anaheim

### East Coast

The East Coast is at it again with the addition of a new member to the team, Jason Owens and his 2002 Mazda Protégé 5. The addition of Jason will greatly add to the team and add to a great marketing mix for the year to come between our sponsors and the team. Thanks for the great year.

### Models

We would like to congratulate Kristine Enrile one of our team models who is the featured model at Speedoptions.com this month. So make sure you check it out.
