Allstars take home Top Time of the Day at Dubfest 2008

Drivers: Drew Staveley, Stephen Yeoh, and Jason Flores

<http://www.dubfestusa.com>

Sunday, September 7, 2008
Irwindale CA

It was a great day for the International Allstars Marketing company, from the race cars to the spokesmodels and the display set up. We did not know what to expect as our plan was to test the race cars and build on teamwork with a few new members before a real race or show. Our expectations and results were excellent and we got treated very well by the promoter and the staff of Irwindale speedway a professional venue that we have grown to love. Our sponsors would have been proud to know they were represented first class the way we the Allstars do it time and time again, we aim to please and over deliver and this weekend was a perfect example of that. Our cars and drivers also had the fastest times of the day with good competition and over 30 cars on the track. Mazda makes great cars and were very proud to show people what we can do and how they can also do similar things with the right products and companies alike.

See you next time at the track and visit us at www.teamallstars.com
